

PEOPLE, POWER, PARTNERSHIP

Information Pack

What is People Power Partnership (PPP)?

PPP is a fantastic, physical street theatre project that celebrates the power of young people from 11 countries across Europe with the help of 14 partner organisations.

Each partner will select a group of young adults, from their local area, to work closely with lead partner Pan Optikum (Freiburg, Germany) to develop a spectacular street theatre piece with a deliberate focus on socially relevant issues.

As one of these partners, we (Magna Vitae) are looking for 8 passionate young adults, aged 18-30, from the UK to represent Grimsby in Europe.

Sounds interesting but what will we actually be doing?

As part of our team, you'll come together over a series of weeks, to create a piece of street theatre expressed through hip-hop. Hip-hop culture is built on understanding local political and social issues. Performances will be based on the themes chosen by you and consequently will be unique to Grimsby, its people, and their perspectives on society.

Once all the partners have recruited their teams, then it really gets exciting. Over the next few months, each partner will visit another partner organisation to help them create their hip-hop routine. That means that we'll be visiting another country and we'll also host a group, here, in Grimsby!

Each partner will travel to at least four different countries over the course of the project and be part of the European tour in 2023 & 2024.

Do I need any hip-hop skills or experience?

Not necessarily but we will be looking for three things at auditions:

1. *You can dance - This is a physical theatre project, so you'll need some movement experience. This can be from a variety of dance techniques, practices and genres including*

ballet, contemporary, circus, breakdance or even acrobatic experience, anything that shows us you can express yourself using your body.

- 2. You're confident - You'll be performing to many large crowds throughout this project.*
- 3. You're a team player - When we reach the finale, there'll be over 100 of you performing together so you need to be able to work well in a group.*

We want to fully reflect the communities of Grimsby and we welcome applications from all backgrounds. If you share our enthusiasm for dance and hip-hop culture, we'd love to hear from you.

Are there any costs involved?

Nope! All expenses including travel, meals and props will be covered across the 4-year project. Pretty sweet, eh?

How much time will I have to commit and when is everything happening?

Although this project will run until 2024, you'll only need to commit a handful of weeks a year. The dates are subject to change but, at the moment, the timeline looks like this:
